■ Students showcased their learning in different fields

■ **ANNUAL EXHIBITION HELD AT GD GOENKA PUBLIC SCHOOL, SARITA VIHAR**

■ GD Goenka Public School, Sarita Vihar, organised its annual exhibition titled Impressions and Expressions to showcase the students' progress in the academic and co-curricular fields. Members of the school management and hundreds of parents graced the occasion and encouraged the children. An array of informative and vibrant display items was presented in subject specific stalls, which amazed the visitors. The science experiments, discussions on the voting process, cultural and demographical diversity of India, practical application of Math concepts, cyber-crime and ways to keep oneself safe on the virtual platform and the world of language were interestingly. The space and astronomy stall gave visitors a chance to compare their weights on the Moon and Jupiter with that on Earth. Students also devised some mind games to put certain concepts across.
