Type of competition- Individual

An Inter-House Essay Writing Competition was successfully conducted on **Friday, 14th August 2026**, for the students of **Classes VI to VIII**. The competition was organised as an **individual event** to encourage students to express their ideas creatively and strengthen their writing skills.

The topic for the competition was **"Role of AI in Viksit Bharat by 2047."** Students enthusiastically participated and presented thoughtful essays on how Artificial Intelligence can contribute to India's vision of becoming a developed nation by the year 2047. Their essays reflected innovative thinking, awareness of emerging technologies, and a sense of responsibility towards the nation's future.

The competition witnessed active participation from all four houses. The participants impressed the judges with their originality, clarity of thought, organisation of ideas, and effective use of language. The event provided an excellent platform for students to showcase their writing abilities while encouraging them to think critically about the role of technology in shaping the future of India.

The students shared insightful and imaginative perspectives on the role of Artificial Intelligence in building Viksit Bharat by 2047. Many highlighted how AI could improve education through personalised learning, enhance healthcare with faster diagnosis and better treatment, strengthen agriculture through smart farming techniques, and make cities safer and more efficient. Several students also emphasised the importance of using AI responsibly, ensuring that technological progress is guided by ethics, human values, and inclusivity. Their essays reflected optimism, creativity, and a strong sense of responsibility towards India's future.

The Inter-House Essay Writing Competition was a meaningful and enriching experience, inspiring young minds to combine creativity with futuristic thinking and reinforcing the importance of informed and responsible citizenship.
