Event Report

“A picnic is more than eating a meal; it is a pleasurable state of mind.”

- DeeDee Stovel

It has been quite rightly said that a child's heart not only seeks knowledge but also yearns for fun and frolic while learning through experience of new and exciting things, places and people. The main objective of conducting excursions for students is to reinforce experiential and contextual learning. Keeping the same thought in mind an excursion to **Nandan Van Children's Park** was organized by G D Goenka Public School, Sarita Vihar on Wednesday & Thursday, January 30 and 31, 2019 for the little Nursery and KG students respectively.

The little angels had a fun time on exciting and enjoyable swings and slides, colourful cartoon characters and huge musical instruments. The rubberized paths and pavement tiles which have been built with special care to minimize the chances of injury to the child also served the purpose of learning numbers and alphabets, all in an enjoyable manner. The Students relished the refreshment boxes provided to them by the school under the green shady trees after their playtime with their friends.

In spite of spending almost three hours at the park, when it was time to leave the energetic tiny tots were reluctant to leave the venue since it was replete with many interesting things to engage them.

Teachers, Nannies and Lady guards accompanied the ninety students on each day to ensure their safety and wellbeing.
